CONTENT WORDS

bone brain contract flexible joint

Our Amazing Bodies

There are many things that we enjoy doing. We use our body for all these things, but we hardly ever think about how it works.

Our bodies are like an amazing machine. Different parts work together to make everything move with precision. The most important body parts that help us move are our bones, muscles, and joints. These three parts make up our musculoskeletal system. Without this system, we would not be able to stand, walk, or move in any way.

Our bones are our body's frame. They make up our skeleton. Our bones protect and support the organs within our body and give it shape. Without bones, our body would look like an octopus!

We have more bones in the body parts that need to do finer movements. That's why there are twenty-seven different bones in each hand.

Our joints connect two or more bones to each other. Our knees, elbows, and shoulders are all joints. Joints are important because they allow us to be flexible. Without working joints, our body would not be able to move.

Our muscles are also important for motion. Muscles are strong and flexible. They pull the bones in different directions. By doing so, they help our body to move. They contract (become shorter) or relax (become longer) according to the movement we need.

Of course, our muscles, bones, and joints don't move by themselves. Our brain and nerves help out. For example, if we want to kick a soccer ball, our brain needs to tell our nerves that we want to move our foot. Our nerves send a message to our muscles. Our muscles get shorter and, by doing that, they lift our leg. As a result, we can kick the ball.

So next time you are rushing to get to class, remember how amazing it is that your body gets you there at all!

14 Look at 13. Read and choose.

- 1 Bones, muscles, and joints make up our **skeleton** / **musculoskeletal system**.
- 2 Our joints connect two or more **bones** / **muscles** together.
- 3 We have twenty-seven bones in our **body** / **hand**.
- 4 When we want to move, our muscles take messages from our **nerves** / **joints**.

What kinds of things can you do to keep your muscles and your bones strong?

Culture Connection | Around the World

I will learn about strange competitions around the world.

CONTENT WORDS

attract championship
competition competitor

- 15** Read quickly. Match the talents (a–c) with the paragraphs (1–3).

a bee attracting

b cherry pit spitting

c air guitar

The World's Greatest...

Do you have a special talent? Some people know how to play the piano very well, or draw beautiful pictures. Some people are wonderful writers. How do we know if someone is “the world’s greatest” in their talent? There are competitions around the world that choose the best actors, or judge the best dancers. There are some competitions, however, that measure other types of talent. Read about some of these strange competitions around the world.

- 1 Even if you can’t play the guitar, you might want to enter the Air Guitar World Championship. It happens every year in Finland. Many countries hold their own air

guitar championships, but this one is for the best of the best. So turn up the music, find a good mirror to practice with, and release the rock star inside you!

2 Do you like bees? Can you stand still for a long time? Maybe you could enter the bee-attracting competition in Hunan province, China. Every year competitors try to attract bees to cover their body. Competitors may only wear short pants, a short-sleeved shirt, swimming goggles, and nose plugs. One of the winners had more than 25 kilograms of bees covering his body!

3 Here’s another unique talent: have you ever tried to spit a cherry pit? A cherry pit is the seed inside the cherry. Some people practice spitting the pit to see how far it can go. In a town in Michigan, in the United States, there is the International Cherry Pit-Spitting Competition. Competitors put a cherry in their mouth, and they have 60 seconds to eat the fruit, and then spit the pit as far as they can. One man spit the pit over 28 meters!

173
16

Listen and read. Say **True** or **False**. Correct the false sentences.

- 1 Competitors must be able to play the guitar.
- 2 Competitors must be able to stand still while the bees cover their body.
- 3 Competitors must wear a jacket and hat to keep the bees off their body.
- 4 Competitors must keep the fruit in their mouth when they spit the pit.

**THINK

Which one of these competitions would you like to try? Which would you not like to try? Why?
