 A27 Play the audio. Say the chant, and hold up the appropriate number of fingers for each number. Play it again and invite children to mimic your actions and join in when they can.

Before beginning, if possible take children outside to the schoolyard. If not, have them go to open windows in the classroom. Encourage children to pay attention to their surroundings by pointing out sounds outside the classroom and smells in the environment.

Have children sit down and look at the pictures. Ask *What can you (smell)?* Trace a circle with your finger around the (*flower*) and model: *Flowers!* Ask about each of the senses. Help children identify all the pictures while they work, encourage them to trace a circle first with their finger and then with a pencil.

 **"We Have Finished Chant"**
A15 Have children sing along and get ready to play.

AFTER PAGE 21

Show students the pictures of objects and food and ask: *Can you (smell) (this)?* Encourage students to answer yes or no.

Repeat with all the objects. Guide students to understand that they use multiple senses to perceive different things.

What's the sense?

Stick the pictures of the ear, eyes, hand, and nose on the board. Have children get into four lines. Give one child from each team a flyswatter and have them stand in front of the board. Tell children to swat the part of the body for the sense they use. For example, for a banana they swat the tongue or nose, a musical instrument they swat the ears or hands. If they swat correctly, the team(s) get a point. Keep tab of points on the board. (More than one option is possible as long as it is logical.) Continue until every child has a turn. The team with the most points wins. Then ask: *What do you smell with?*

Whole group answers: *I (smell) with my (nose).* Continue with the rest of the senses.

Allow the child three guesses and then allow the class to reveal the correct color if the color has not been guessed correctly. Repeat the procedure until all children have participated.

HOME-SCHOOL CONNECTION

Encourage children to take their books home to share with their families. Since this book covers several topics, there are many things to talk about. The two children in this story play a guessing game with food. Children may enjoy playing a similar game with their family members at home.

SHOW TIME PREPARATION

AFL Tell children that role-playing the story is something they can do as part of the end-of-the-year Show Time! Remind children that they are learning English for speaking in class and at home, but also for their Show Time celebration. It is important for them to have a context for their learning that they can understand.

- To role-play a story
- To review senses

I taste (apple) with my tongue.

Materials

Class Audio CD, Jumpy Cricket puppet, DVD or ActiveTeach, senses and body parts Picture Cards, blindfold

BEFORE THE LITTLE BOOK

A21 Sing the Target Song "Senses"

Before singing the song, call out each sense in turn and have children point to their corresponding body part: *Taste!* (Children touch their tongue.) Then, play the audio and have children touch the corresponding body part as each sense is mentioned. Encourage children to join in when they can. Finally, display the *senses* Picture Cards on one side of the board and the *body parts* Picture Cards on the other. Invite children to come to the front and match each sense with its corresponding body part. Continue the procedure until all senses and body parts have been matched.

DURING THE LITTLE BOOK

A32 Guessing Game

1. Have children turn to page 23. Show them how to tear the page from the book and fold it in half to make a Little Book.
2. Preview the story with the class. Show children each page and ask: *What do you see?* Have children name people, colors, shapes, and other things. Praise all efforts.
3. Review the conventions of the Little Books: the title is on the front page; the page numbers help you find your place; the pictures help tell the story; and the drawings of the characters next to the lines tell you who is speaking.
4. Play the audio while you show children the pages. Don't point or gesture—just let children listen and look at the pages.
5. Play the audio again. This time, point to the drawings of the characters next to the lines that show who is speaking. Point to the pictures to help clarify meaning.
6. Check comprehension. Point to different people in the story and ask: *What does he see with? What does he smell with? What fruit is the girl giving him?*

AFTER THE LITTLE BOOK

Role-play

Role-play with Jumpy Cricket to reinforce story comprehension. Try to imitate the voices of the characters on the audio. Invite two children to the front and assign a character to each one. Have children mime the actions (using the blindfold) while you say the lines. Repeat with other pairs of children. Next, you may invite advanced children to role-play the story and say the lines. Praise all children for their efforts.

Home-School Connection

Have children take the Little Book home to share with their families. Children can look at the pictures to remember the story and role-play with their families.

Play the DVD

As a final reward, show children the animated version of the story on the *Big Fun* DVD or ActiveTeach.

 See Workbook page 17.

EXTRA ACTIVITY

Watch and Do!

Have children stand in a circle. Call out an action and act it out. Have children mimic you. Each time, call out the actions faster and faster so that children are changing from one action to another more quickly. Use: clap three times, turn around, put your hands up, put your hands down, jump three times, crawl like a bug, and stick out your tongue.

Values

Objectives

- To learn a value: Be polite and wait for your turn
- To use language to express a value
- To review colors

Vocabulary

Hold up Jumpy Cricket and ask: *Hello, how are you today, Jumpy Cricket?* Have the puppet look around the room and whistle, without answering you. Repeat the question and have him behave in the same way. Then, place colored crayons on a table and invite a child to the front. Say to him/her: *Choose a color that you like, (Juan).* Before the child can choose, have Jumpy Cricket say: *No! Me, me! I want to choose!* Say to Jumpy Cricket in a firm voice: *No, Jumpy Cricket. It is (Juan's) turn. You must wait for your turn.*

Next, ask children: *Is Jumpy Cricket being polite?* Lead them into saying: *No.* Then ask: *Is Jumpy Cricket waiting for his turn?* Elicit the same response. Then say: *Jumpy Cricket, be polite and wait for your turn!* Repeat the sketch, but, this time, have the puppet answer your questions politely and wait for his turn. Finally, say: *Good, Jumpy Cricket!*

“Taking Turns Chant”

 A33 Tell children that taking turns is important and remind them how Jumpy Cricket behaved in the previous sketch. Put up your hand and say: *We put up our hand when we want to speak.* Have children mimic you. Then, play the audio and have children practice putting up their hands.

Silent Hands Up

Have children sit in a circle. Call out children's names in random order and have the corresponding child raise his/her hand without saying anything. Next, call out a color and have all children wearing that color raise their hands in silence. At the end, congratulate all children on being polite and raising their hands.

 See Workbook page 18.

EXTRA ACTIVITY

Musical Chairs

Arrange chairs in a row in the center of the room. Play a CD of upbeat music and have children walk quickly around the chairs. As they walk, call out actions, such as, *Hands up! Touch your nose! Crawl!* Have children do the actions as they walk. When you stop the music, have children try to sit down on a chair, but make it clear that pushing is not allowed. Each time you stop and start the music, take one chair away until there is only one left. Have children without a chair sit down on the floor.

Give the following items to each small group of children: three jars with an inch of water in each, three eyedroppers, lime slices, salt, sugar, and three index cards. Tell children that they are going to add things to water to make it sour, salty, or sweet.

Show children page 27 and read the title of the project aloud: *Taste with Your Tongue!* Then show children how to follow these steps:

1. Fold the index cards in half. Number them from 1 to 3. Say: *Fold the cards. Number them.*
2. Place three jars on a table. Put a card next to each. Say: *Put the cards next to the jars.*

AFL Stop and Sing

Revisit the songs and chants from Unit 2 (Audios A21, A26, A27, A29, A33, and A34). Then invite a volunteer to the front. Have him/her say *Stop!* when he/she hears a song that he/she likes. Play the audio and encourage the whole class to sing along. You may repeat the procedure with other children and songs.

AFL Think about Learning

Review Unit 2 page by page. Have children look at each page attentively, and remind them what they learned on each, for example: *Look. What is this? What do you see?* Encourage children to clap if they liked the page or to make a sad face if they didn't.

DURING PAGE 28

Help children point to each vocabulary word represented on the banner. Say: *I (smell) with my (nose)*. Have children repeat after you. Then point to the face and ask children: *What do you see?* Lead children into saying: *A face*. Say: *Draw your face!* Encourage children to draw their eyes, nose, and mouth. Then direct them to the Stickers page and ask the question: *What do you see with?* Encourage them to say: *I see with my eyes*. Have them stick the eyes in the appropriate place. Finally, ask volunteers to show their work and read the sentence aloud: *I see with my eyes*. Clap for a job well done!

AFTER PAGE 28

Prepare for Show Time!

Point out the mascot with the flower at the bottom of the page. Direct children to page 117. Help children decide what they liked most from Unit 2. Say: *What I liked most from Unit 2 was tasting sweet candy!* Use an excited voice as you point to the project on page 27. Encourage children to draw what they liked most from Unit 2: a song or chant, the Little Book story, the Amazing project, or just a word. Reassure them that any personal response is fine! Revisit their ideas from Think about Learning.

AFL Children Decide!

After children complete their drawings, invite them to display them. Hold up a drawing and say: *(Carla) liked learning (that animals also have tongues)*. *(Alex), did you also like that? What did you like, then?* Provide English language support when needed. Repeat the procedure with the remaining drawings. Take notes on children's preferences so you can determine what to include in the end-of-the-year show.

Home-School Connection

Have children take home their drawings to show family members. Help children practice talking about their work so they can use English when they show it to their families.

A21 Sing the Target Song "Senses"

To consolidate what children have learned in the unit, play the Target Song. First, practice the conversation with Jumpy Cricket. Then, encourage children to join in and sing their part.

Portfolio

Have children review the things in their Portfolio Envelope to date. Walk to each child's place and have him/her show you his/her favorite work. Make sure children put all pages back inside the Portfolio.

Raul: I have a puppet and blocks.
2. Raul: What do you have?
Kate: I have a kite.
3. Kate: I want the puppet, please.
4. Kate: Now I have a puppet-kite!

HOME-SCHOOL CONNECTION

Encourage children to take their books home to share with their families. Since this book covers several topics, there are many things to talk about. The two children in this story create something new with their toys as they play together. Children may enjoy doing this with their toys as they play at home.

SHOW TIME PREPARATION

Tell children that role-playing the story is something they can do as part of the end-of-the-year Show Time! Remind children that they are learning English for speaking in class and at home, but also for their Show Time celebration. It is important for them to have a context for their learning that they can understand.

Little Book

Objectives

- To assemble a Little Book
- To listen to and read a story
- To role-play a story
- To review toys
- To review days of the week

Vocabulary

hello, good-bye, toys, puppet, kite, blocks, title, page, number

DURING THE LITTLE BOOK

Outdoor Fun

1. Have children turn to page 51. Show them how to tear out the page from the book and fold it in half to make a Little Book.
2. Preview the story with the class. Show children each page and ask: *What do you see?* Have children name people, colors, shapes, and other things. Praise all efforts.

3. Review the conventions of the Little Books: the title is on the front page; the page numbers help you find your place; the pictures help tell the story; and the pictures of the characters next to the lines tell you which character is speaking.

4. Play the audio while you show children the pages. Don't point or gesture—just let children listen and look at the pages.

5. Play the audio again. This time, point to the drawing of the character's head that shows who is speaking. Point to the pictures to help clarify meaning.

6. Check comprehension. Point to different people in the story and ask: *What does (she) have? What toys do you see?*

AFTER THE LITTLE BOOK

Role-play

Role-play with Jumpy Cricket to reinforce story comprehension. Try to imitate the voices of the characters on the audio. Invite two children to the front and assign a character to each one. Have children mime the actions (using the toy props) while you say the lines. Repeat with other pairs of children. Next, you may invite advanced children to role-play the story and say the lines. Praise all children for their efforts.

Sing the "Days of the Week" Song

Then, play the audio and have children join in when they can and point to each day on the calendar. Then, say: *Sunday*. Point to *Monday* on the calendar and invite a child to say: *Monday*. Sing the song several times and have children join in when they can.

Miss Polly had a dolly
Who was sick, sick, sick.
So she phoned for the
Doctor to come quick, quick, quick.

His bag and his hat,
And he knocked on the door
With a rat-a-tat-tat!
He looked at the dolly,
And he shook his head,
And he said,
"Miss Polly put her straight to bed!"
He wrote on a paper for a pill, pill, pill.
"I'll be back in the morning,
Yes, I will, will, will!"

SHOW TIME PREPARATION

Tell children that role-playing the story is something they can do as part of the end-of-the-year Show Time! Remind children that they are learning English for speaking in class and at home, but also for their Show Time celebration. BEFORE THE LITTLE BOOK

B14 Sing the Target Song “My Clothes”

Before singing the song, point to children in the class and ask: *What is (he) wearing?* Have children reply: *(He) is wearing (pants, a T-shirt, a hat, and boots).* Then, play the audio and have children join in when they can. Hold up the corresponding Picture Card each time an item of clothing is mentioned.

DURING THE LITTLE BOOK

B24 How Many?

1. Have children turn to page 79. Show them how to tear out the page and fold it in half to make a Little Book.
2. Preview the story with the class. Show children each page and ask: *What do you see?* Have children name everything they can, including people, colors, and shapes. Praise all efforts.
3. Review the conventions of the Little Books: the title is on the front page; the page numbers help you find your place; the pictures help tell the story; and the drawings of the characters next to the lines tell you which character is speaking.
4. Play the audio while you show children the pages. Don't point or gesture—just let children listen and look at the pages.
5. Play the audio again. This time, point to the drawings of the characters that show who is speaking. Point to the pictures to help clarify meaning.
6. Check comprehension. Point to the clothing items on the pages and ask: *What does Laura see? Is the sweater big or little?*

AFTER THE LITTLE BOOK

Role-play

Role-play with Jumpy Cricket to reinforce story comprehension. Use the clothes as props to act out the story. Try to imitate the voices of the characters on the audio. Invite three children to the front and assign a character to each one. Have children mime the actions, using the props while you say the lines. Repeat with other pairs of children. Next, you may invite advanced children to role-play the story and say the lines. Praise all children for their efforts.

Continue the procedure for the rest of the pictures.

Sounds

Display the *Sounds* Poster and say the first sound: /ssss/. Have children follow your example. Then, point to each vocabulary item in a random order and say each word. Have children repeat after you. Have children say *Stop!* when you reach a word that begins with the /s/ sound (*seal* or *sandwich*). Repeat the procedure for the rest of the sounds.

AUDIO SCRIPT

1837 **Where Are the Lambs?**

1. Joan: Where are the rabbits?
Farmer: Here they are.
2. Joan: Where are the lambs?
3. Joan: I see a lamb in the sky.
Farmer: Come with me!
4. Farmer: Here are the lambs.
Joan: I have a lamb, too.

HOME-SCHOOL CONNECTION

 Encourage children to take their books home to share with their families. Since it covers many topics, there are many things to talk about. The girl and farmer use animals creatively to talk about what they see, even imagining animals in the clouds. Children may enjoy doing this activity at home with their families.

SHOW TIME PREPARATION

AFL Tell children that role-playing the story is something they can do as part of the end-of-the-year Show Time! Remind children that they are learning English for speaking in class and at home, but also for their Show Time celebration. It is important for them to have a context for their learning that they can understand.

Little Book

Objectives

- To assemble a Little Book
- To listen to and read a story
- To role-play a story
- To review animals

Vocabulary

hello, good-bye, lamb, rabbit, page, number, title, this, that, these, those

Language

Where are the (rabbits)? Here they are.

Materials

Class Audio CD, Jumpy Cricket puppet, Unit 7 Picture Cards, plastic toy rabbits and lambs, paper, paint, paintbrushes, DVD or ActiveTeach, stuffed or plastic toy horse, dogs, cat, and ducks

BEFORE THE LITTLE BOOK

Sing the Target Song "The Farm"

 Before singing the song, hold up each Picture Card in turn. Have Jumpy Cricket say each word and have children repeat after him. Then, play the audio and have children join in when they can. Hold up the corresponding Picture Card each time an animal or item is mentioned.

DURING THE LITTLE BOOK

Where Are the Lambs?

1. Have children turn to pages 93 and 94. Show them how to tear out the page and fold it in half to make a Little Book.
2. Preview the story with the class. Show children each page and ask: *What do you see?* Have children name people, colors, shapes, and other things. Praise all efforts.
3. Review the conventions of the Little Books: the title is on the front page; the page numbers help you find your place; the pictures help tell the story; and the pictures of the characters next to the lines show you who is speaking.
4. Play the audio while you show children the pages. Don't point or gesture—just let children listen and look at the pages.
5. Play the audio again. This time, point to the drawings of the characters next to the lines that show who is speaking. Point to the pictures to help clarify meaning.
6. Check comprehension. Point to different scenes in the story and ask: *Where are the lambs? Where are the rabbits?* Then, ask what animal the girl sees in the clouds.

AFTER THE LITTLE BOOK

Role-play

Role-play with the puppet to reinforce story comprehension. Use the plastic animals as props to act out the story. Try to imitate the voices of the characters on the audio. Invite two children to the front and assign a character to each one. Have children mime the actions (using the props) while you say the lines. Repeat with other pairs of children. Next, you may invite advanced children to role-play the story and say the lines. Praise all children for their efforts.

Sing the "This and That Song"

 Play the audio and place the appropriate stuffed or plastic animals close to you or far away to demonstrate *this, that, these, or those*. Have children point to each animal or group of animals as it is mentioned. Play the audio again and invite children to join in when they can.

Home-School Connection

Have children take the story home to share with their families. Children can look at the pictures to remember the story and role-play with their families.

Play the DVD

As a final reward, show children the animated version of the story on the *Big Fun* DVD or ActiveTeach.

 See Workbook page 67.

EXTRA ACTIVITY

What Is Your Favorite Farm Animal?

Ask children: *What is your favorite farm animal?* Then, show the Picture Cards one by one and have children put up their hand for their favorite farm animal. Display the Picture Cards around the room so children can see them. Next, hand out paper, paint, and paintbrushes and have children make a picture of their favorite farm animal. When finished, display the pictures around the classroom for the rest of the children to see.

Encourage children to pass the cat around the circle until you call out an action: *Brush Mittens, Play with Mittens, Feed Mittens, Pet Mittens, Give Mittens water, Cuddle Mittens, Walk Mittens*. Rehearse each action several times so that children are confident in performing each. Continue the procedure until all children have performed an action.

Before class, assemble the art supplies needed for the project. For each child, you will need two photocopied patterns: a simple egg shape and a matching eggshell shape (with a jagged crack across the middle). You will also need drawing paper, crayons or markers, scissors, and a fastener for each child. Point out to children that all of the materials are shown in the steps on page 97. Play the audio and encourage the whole class to sing along. You may repeat the procedure with other children and songs.

AFL Think about Learning

Review Unit 7 page by page. Have children look at each page attentively and remind them what they learned on each, for example: *Look. What is this? What do you see?* Encourage children to clap if they liked the page or to make a sad face if they didn't.

DURING PAGE 98

11 Draw your face. Stick and say.

Say: *Where is the (rabbit)?* Have children point to the corresponding picture on the banner and repeat the word. Continue the procedure with the rest of the vocabulary items. Then, point to the face and ask children: *What do you see?* Lead children into saying: *A face.* Say: *Draw your face!* Encourage children to draw their eyes, nose, and mouth. AFTER PAGE 98

Prepare for Show Time!

Point out the mascot with the flower at the bottom of the page. Direct children to page 122. Help children decide what they liked most from Unit 7. Say: *What I liked most from Unit 7 was taking care of animals!* Use an excited voice as you point to the animals on the Values page (95). Encourage children to draw what they liked most from Unit 7: a song or chant, the Little Book story, the Amazing project, or just a word. Reassure them that any personal response is fine! Revisit their ideas from Think about Learning.

AFL Children Decide!

After children complete their drawings, invite them to display them. Hold up a drawing and say: *(Jorge) liked learning (about chicks). (Alejandra), did you also like that? What did you like, then?* Provide English language support when needed. Repeat the procedure with the remaining drawings. Take notes on children's preferences so you can determine what to include in the end-of-the-year show.

Home-School Connection

Have children take home their drawings to show family members. Help children practice talking about their work so they can use English when they show it to their families.

B26 Sing the Target Song "The Farm"

To consolidate what children have learned in the unit, play the Target Song. First, practice the conversation with Jumpy Cricket. Then, encourage children to join in and sing their part.

Portfolio

Have children review the things in their Portfolio Envelope to date. Walk to each child's place and have him/her show you his or her favorite work. Make sure children put all pages back inside the Portfolio.

Class Audio CD, picture of the moon, drawings of stars, tape, flashlight, large piece of white cardboard, large circle cut out of royal blue paper, four circles cut out of black paper, moon shapes cut from white paper, butterfly clip, scissors, glue, paper towel roll (one per child), blue paint, paintbrushes, yellow construction paper, black felt, star stickers or glitter

BEFORE PAGE 111

Build Background

Close the curtains and turn the lights off. Say: *Let's imagine it is nighttime. Let's look at the sky.* Invite children to look at the ceiling. *What do you see?* (If possible, attach the picture of the moon and drawings of stars to the ceiling. Direct a flashlight to the moon and stars.) Encourage children to say: *The moon and stars.* Provide language support if needed. Open the curtains and turn on the lights. Draw some stars and the moon on the board. Point to them and name them. Have children repeat after you.

DURING PAGE 111

Make a Telescope

Before class, make a moon chart. Paste a large circle cut out of royal blue paper on a piece of white cardboard. Divide the circle into four parts, each part corresponding to a moon phase: full moon, half moon, crescent moon, and new moon. Paste four circles cut out of black paper in each section, cut the moon shapes out of white paper, and paste them in the corresponding black circles. Finally, use a butterfly clip to attach a movable yellow arrow to the center of the chart. Display the moon chart in a visible place in the room.

Display page 111. Point to the title of the project and read it aloud: *Make a Telescope.* Before class, assemble all the supplies needed for the project. For each child you will need a paper towel roll, blue paint, paintbrush, yellow construction paper, black felt, glue, and star stickers or glitter. Then, show children how to follow these steps:

1. Paint the paper towel roll blue. Say: *Paint the roll. Let dry.*

2. Decorate the roll. Children can paste star stickers or glue glitter on the roll. Say: *Decorate the roll.*

3. Roll up the yellow construction paper and glue it so it does not unroll. Say: *Roll up the yellow paper.*

4. Put the yellow tube inside the paper towel roll. Say: *Put it in.*

5. Cut black felt strips and glue them on both ends of the telescope. Say: *Glue the felt.*

6. Show children how to extend the telescope. Say: *Extend the telescope.*

7. Show children how to use the telescope. Say: *Look through the telescope.*

Next, help children assemble their telescopes. Then, explain that every night they will have to observe the moon with their telescopes. The next morning, children will have to report what phase the moon is in and move the arrow accordingly.

AFTER PAGE 111

Draw the Moon

Divide the class into two groups. Have two children stand at the back of the room. Then, say a moon phase. Have children run to the front and draw the corresponding moon phase. The first child to do so correctly wins a point for his or her team. Play several rounds. The team with most points wins the game.

Sing the "Night Sky Song"

153 Play the audio, sing along, and do the actions that go with it. Have children listen. Play the audio again and have children do the actions and join in singing as best they can. Praise all efforts.

Rate the Chants and Songs

Revisit the Unit 8 songs and chants (Audios B38, B39, B46, B48, B49, B51, and B53). Play the first notes of each song or chant. Have children stand up if they like the song or chant. Record the number of children standing for each song or chant. Look at the numbers, determine the class' favorite, and perform it.

AFL Think about Learning

Review Unit 8 page by page with the children. Have them look at each page attentively, remind them what they learned on each, and ask individual questions, for example: *What is this? What are these? Where is the (park)? Where is the ambulance going? How*

many firefighters do you see? Count them. What letter is this? F is for...? Do you recycle? Finally, encourage children to clap if they liked the page or activity or to make a sad face if they didn't.

DURING PAGE 112

11 Draw your face. Stick and say.

Help children point to each vocabulary word on the banner, and ask: *What is this? It is (a park)*. Then point to the child on the page and say: *This is you!* Encourage children to draw their face. Direct children to the Stickers page and have them find the hospital, the toy store, and the restaurant and stick them in the boxes. Ask volunteers to show their work and read the questions aloud: *Where is the (hospital)?* Direct children to page 100. Invite volunteers to answer: *The (hospital) is (behind the restaurant)*. Repeat the procedure for *toy store* and *restaurant*. Have the class clap for a job well done!

AFTER PAGE 112

Prepare for Show Time!

Point out the mascot with the flower at the bottom of the page. Direct children to page 123. Help them think of what they liked most from Unit 8. Say: *What I liked most from Unit 8 was the telescope!* Say this with a very excited voice and smile as you point to the project on page 111. Encourage children to draw what they liked most from Unit 8: a song or chant, the Little Book story, the Amazing project, or just a word. Reassure them that any personal response is fine! Revisit their ideas from Think about Learning.

AFL Children Decide!

After children complete their drawings, invite them to display them. Hold up a drawing and say: *(Nina) liked (tracing number 20). (Mike), what is your favorite activity from Unit 8? Provide English language support when needed. Repeat the procedure with the remaining drawings. Take notes on children's preferences so you can determine what to include in the end-of-the-year show.*

Home-School Connection

Have children take home their drawings to show family members. Help children practice talking about their work so they can use English when they show it to their families.

B39 Sing the Target Song

To consolidate what children have learned in the unit, play the Target Song. First, practice the questions and answers with Jumpy Cricket. Then, encourage children to join in and sing their part.

Portfolio

Have children review the things in their Portfolio Envelopes to date. Walk to each child's place and have him or her show you his or her favorite work so far. Make sure children put all pages back inside the Portfolio.

Show Time!

Let's Have Fun Talking!

Revisit some of the conversations children learned in Units 1–8 (Audios A18, A20, A31, A35, A48, A56, B6, B13, B25, B31, B42, and B45). Play the audios. Have children repeat each line, after you and Jumpy Cricket if needed. Next, invite pairs to come up and perform the conversations. Provide language support as needed. Praise all efforts.

Let's Look Back!

Look back at all the Unit Opener pages. Point to photos and illustrations in every Unit Opener. Have children clap and make a happy face if they liked the opener or make a sad face if they didn't.

DURING PAGE 113

1 Listen and sing.

B54 Display page 113. Have children look at the children pictured. Say: *Look at the boys and girls. They are singing. They are getting ready for Show Time! Let's get ready for Show Time, too!* Play the audio. Sing and pantomime. Have children listen. Play the audio several times. Encourage children to pantomime and to sing as well. Praise all efforts.

Do the Find It! Activity

Point out Jumpy Cricket holding a flower. Read the speech bubble aloud: *Find the flowers!* Have children look for flowers in the unit. (Flowers can be found on pages 114, 120, 121, 122, and 123.)

AFTER PAGE 113

Hum Along

Begin humming a Target Song or another song that you know children enjoyed very much. See if children can remember the lyrics. It does not matter if they can only say a few words. Then, play the audio and have children join in singing and doing the actions.

Swat the Value!

Attach the Values Poster to the board at children's eye level. Have children sit in a semicircle. Hand a flyswatter to a child and have Jumpy Cricket say a value: *We appreciate family members.* Have the child come up and swat the illustration that depicts that value. Repeat until all values have been identified. Play several rounds.

Sing the "Good-bye Song"

A6 Play the audio. Have children sing and wave good-bye.

See Workbook page 81.

EXTRA ACTIVITY

Pass the Cards

Have children form two lines. Give only a few children Picture Cards from Units 1–8. Show them how to pass the cards alternately over their heads and under (between) their legs to the next child. Play music and have them pass the cards over and under. When the music stops, the children with cards hold them up and name them: *It is (a restaurant).* Begin the music again. When the last child in line gets a card, he or she runs to the front of the line and begins passing it again. Pause and restart the music a few times, switching the cards.

BEFORE SHOW TIME PAGES

Target Songs

Sing the Units 1–8 Target Songs for children to practice vocabulary and language. Play the audios and have children sing their parts.

Vocabulary and Language Review

Play the Units 1–8 vocabulary audios and show the Picture Cards. Ask: *What is this? What are these?* Have children identify each item.

Next, practice the target language. Play the Units 1–8 target language audios and have children listen. Then, invite pairs to the front and encourage them to practice the dialogues. Say the lines and have children repeat after you. More advanced children will be able to practice the conversations on their own.

AFL Planning the Show

Explain to children that they are going to share their personal response page for every unit. Children will work with you to choose things from every unit that they want to include in the Show Time presentation. They will enjoy being part of the decision-making process. Take notes on children's preferences so you can start assembling the Show Time program.

DURING SHOW TIME PAGES

Have each child share his or her personal response page for every unit with the class. Encourage children to say what they drew: *This is (my family)*. Repeat the procedure until all children have shown their drawings to the class. Provide language support as necessary. If you have shy children in the class, ask them direct questions about their drawings: *What is this? Is it (a jungle gym)?*

As children show their response pages, ask the class, for example: *Do you want this in the show? Do you want to sing this song? Do you want to read this book?* Have children nod their heads Yes or shake their heads No. Take notes on children's preferences so you can start assembling the Show Time program. Look at the *Show Time* Poster in the ActiveTeach for ideas about what to include in the show.

B54 Sing "Show Time"

Play the audio and have children listen. Play it again and encourage children to sing along. Children can sing this song and do the corresponding gestures to open their Show Time performance.

AFTER SHOW TIME PAGES

AFL Show Time Rehearsal

Explain to children that they have to practice the activities, songs, and conversations before they present the show to their parents and friends. Say: *Let's practice for the show!* Refer to your notes to check the activities children have chosen for every unit. Help children decide what to practice first. Ask: *What do you want to do now? Sing the song? Practice a conversation? Role-play the Little Book story?*

 See Workbook pages 82–89.

Objectives

- To get ready for Show Time
- To prepare Show Time props and material

Vocabulary

invitation, parents, garden, props, costumes, frame, make

Language

Let's make an invitation.

Materials

Show Time Invitation (print out from ActiveTeach and photocopy, one per child), large sheets of green construction paper, crayons, art supplies, markers, props, costumes, box, music CD, Picture Cards (Units 1–8), *Show Time* Poster, *Big Fun* Level 2 Posters, Class Audio CD, construction paper

GETTING READY FOR SHOW TIME!

Make an Invitation

Invite parents to Show Time personally. Create and send personal invitations. Say: *Let's make an invitation!* Before class, make copies for every child of the Show Time Invitation and fill in the information: date, time, place, and child's name. Next, distribute invitations and art supplies. Encourage children to draw and color a picture of their show. Finally, send the invitations home. This will show parents that their children want them to participate in their school activities and will make them feel welcome.

Show Time!

Show Time Program

Once children have decided what to include in the show, start planning the program. Integrate children's choices and balance the activities for variety. Make a list of participants to avoid omitting anyone.

Making the Scenery

Use large sheets of green construction paper and encourage children to take turns drawing items they can find in a garden: *flowers, butterflies, bees, ants*, etc. During Show Time, attach the sheets of green paper to the back of the "stage" to form scenery with a garden theme. You can also use the scenery children made for their Project on page T115.

Props and Costumes

Look at your program and start gathering all the props you will need for every activity. Have children identify the items. Ask: *What is this?* Provide language support if needed. Finally, put all props in a box so you have them readily available.

You may wish children to wear special costumes or dress up for a particular activity or for singing a particular song. This will make the show come alive.

Seating Arrangement

During Show Time, there will be plenty of pair and small group activities, so it is important that children have mobility and easy access to the stage. For that reason, avoid lining children up in rows. The best classroom arrangement option for Show Time is a horseshoe or semicircle, with students facing the stage.

Next, arrange the remaining furniture so that parents are as comfortable as possible and have a clear view of the stage. If classroom space is limited, consider moving the event to a larger space where all parents and guests can be seated.

Background Music

You may wish to play some background music while children role-play or perform some activities. Prepare some instrumental music CDs for this purpose.

Picture Cards, Posters, and Class Audio CD

Check your program again to ensure which Picture Cards, Posters, and audios will be required.

Show Time Photo Frame

Provide art supplies and show children how to make a picture frame so that parents can frame a photo from the Show Time performance! Have them follow your instructions the way they do when they are carrying out a class project. This little Show Time souvenir will remind parents about the wonderful time they spent with their children at school!
